

## Nathalie

### George Baker Selection

Rain is falling on my head  
Rain is falling on in heart  
I know you are feeling the same  
But there's a day that we will meet again

Nathalie, Nathalie now it's time can't you see  
Nathalie I've been waiting for you  
Nathalie, Nathalie if you come back to me  
I promise you that my poor heart is free

Hear your footsteps on the floor  
Hear you knocking on my door  
I've opened that and all I see  
Is just a lonely street and me

Nathalie, Nathalie now it's time can't you see  
Nathalie I've been waiting for you  
Nathalie, Nathalie if you come back to me  
I promise you that my poor heart is free

Oh, Nathalie, Nathalie now it's time can't you see  
Nathalie I've been waiting for you  
Nathalie, Nathalie if you come back to me  
I promise you that my poor heart is free
