

Sing A Song Of Love

George Baker Selection

Sing a song of love
Sing it, then the sun will shine for you
Sing a song of love
It's the song that bring your dreams come true
Play it like you feel
It will never let you down, my friend
Sing a song of love
Yes, it will help you when it comes right from your heart

Sing a song of love
Sing a song of love
Sing it, then for ever you'll be free
Play it like you feel
I can hear the music in the air
Sing a song of love
Yes, it will help you when it comes right from your heart

Can you hear the mandolins
The music softly playing in the wind
It is just a simple song
It's made for us, so we can sing along

Sing a song of love
Sing it, then the sun will shine for you
Sing a song of love
It's the song that bring your dreams come true
Play it like you feel
It will never let you down, my friend
Sing a song of love
Yes, it will help you when it comes right from your heart
Sing a song of love
Yes, it will help you when it comes right from your heart
