

Tonight

George Baker Selection

Tequila in the night
Whisky to feel alright
Drinking some more
Walk out the door
To find me a girl just like you
Nightclubs, striptease shows
I don't know where to go
In neon lights everything's bad
I need you

Tonight you'll be there and you rest in my bed
Tonight everything must be done I have said
Tonight I'm the king and you will be my queen
Tonight I'm the king of the scene

Tequila in the night
Whisky to feel alright
Tomorrow is near
Sudden I fear
We'll need a bottle of beer
So if you like to go
Baby, let me know
I have my fun
I drink when I come in the night

Tonight you'll be there and you rest in my bed
Tonight everything must be done I have said
Tonight I'm the king and you will be my queen
Tonight I'm the king of the scene

Tonight you'll be there and you rest in my bed
Tonight everything must be done I have said
Tonight I'm the king and you will be my queen
Tonight I'm the king of the scene
