

# Don't Start No Schtuff

George Benson

Hey, don't start no schtuff

I got some ginger snapping, finger tapping rhythm to do  
I want my eyes a-twinkling, toes a-tingling, so don't you  
Don't start complaining and a blaming puttin' rocks in the shoe  
And whatever you do, don't start no schtuff

I like the radio and video and that is the idea  
I got a mission and a vision 'bout the future, don't you  
Don't be so critical, ready tune and mouth out a few  
And whatever you do, don't start no schtuff

If you wanna be first, you got it  
You kick, my stick's to the curb, you got it  
And if you're looking at her, you are a  
Take a hike, you might as well forget about it  
Greek, can stop her from stealin', we got her  
Teach some booze lookin' goat, we are a  
Read the old golden rule, because  
At Harvard, Prince and Yale, they forget about it

I got some juicy snapping, finger tapping livin' to do  
I want my eyes a-twinkling, toes a-tingling, so don't you  
Don't start complaining and a blaming puttin' socks in my stew  
Man whatever you do, don't start no schtuff

Gettin' tough, gettin' rough  
Come on and get your shovein' be a silver schtuff  
Gettin' rough, gettin' tough  
Don't matter baby, your luck is up  
What's up, give it up  
Stop sending me the sob schtuffs, too much  
Hold up, that's enough, let's get on with it  
Let's stop this thirst and get the dumb stuff

I got some ginger snapping, finger tapping rhythm to do  
I want my eyes a-twinkling, toes a-tingling, so don't you  
Don't start complaining and a blaming puttin' rocks in the shoe  
And whatever you do, don't start no schtuff

I got some ginger snapping, finger tapping rhythm to do  
I want my eyes a-twinkling, toes a-tingling, so don't you  
Don't start complaining and a blaming puttin' rocks in the shoe  
And whatever you do, don't start no schtuff

Baby, baby, baby, now don't start no schtuff in here at all  
Don't want no trouble with you
