

'Long Come Tutu

George Benson

You know what makes me smile
It's kicking its groove for miles
It always make me grin
No matter what mood I'm in

You know what makes me smile
It's kicking its groove for miles
It always makes me grin
No matter what mood I'm in

A long, long time
We were waiting

A long, long time
Still awaiting
[?]

'Long come tutu
'Long come tutu

Long, long time
Of awaiting
Before the light
We were praying
[?]

'Long come tutu

A long, long time
We were waiting
A long, long time
Still awaiting
[?]

'Long come tutu
'Long come tutu
'Long come tutu
