

# The One for Me

George Benson

You will always be the one for me  
'Cause you're my sweetest song  
When you're here beside me

Oh woman you set the child inside me free  
Deep in my heart I've always dreamed that I'd be  
The man you turn to girl  
Sometimes it's so hard just to say what I feel  
But you touch a part of me I can't conceal

And if my world should end tonight  
You would be the one I'd wanna hold forever more  
Oh girl if I lost it all tonight  
I would reach for you  
'Cause you're my sweetest dream  
You will always be the one for me

So many times people just don't mean what they say  
It's hard to know what's real  
What I try to say, my love is true  
It's as constant as the light that shines on you

And if my world should end tonight  
You would be the one I'd wanna hold forever more  
Oh girl if I lost it all tonight  
I would reach for you  
'Cause you're my sweetest dream  
You will always be the one for me

And you were every reason woman  
You were every dream  
Without you in my life there'd be no life for me

Oh girl, if my world should end tonight  
You would be the one, oh the one I'd want to hold forever more  
Oh girl if I lost it all tonight  
I would reach for you  
'Cause you're my sweetest dream  
You will always be the one for me
