

# Turn Out the Lamplight

George Benson

Comin' home is always joy to me  
Ain't a place that I would rather be  
I need to see the heaven in your eyes

'Cause you're the love that's always hard to find  
Every dreams that's ever crossed my mind  
Only you can make the day end right

So turn out the lamplight  
Sit by my side, love me tonight  
So turn out the lamplight  
Let's dream for a while just you and I  
And we'll let the world go spinning by

On a day when problems get me down  
It's nice to think about the love we found  
All I need is you and I'll get by

And though the years may make me old and gray  
Darling you'll still take my breath away  
'Cause time can't change the warmth inside your smile

So turn out the lamplight  
Sit by my side, love me tonight  
Turn out the lamplight  
Let's dream for a while just you and I  
And we'll let the world go spinning by

Sit by my side  
Sit by my side and love me, love me tonight  
Turn out the lamplights and let's dream  
Let's dream for [Incomprehensible]  
Yes, you and I  
Oh, sit by my side
