## I'd Be Lying

I could say I've never been better I hardly miss you since you' ve gone And losing you was for the best and life goes on I wake up just fine each morning the same way I always have I don't toss and turn at night and my heart don't hurt that bad But I'd be lying I'd be lying I'd be lying I could cross my heart and tell you this house still feels like home And I'm enjoying all this time on my hands now I'm alone And there's no regrets that haunt me blowing on the midnight wi nd And I never wish I could hold you here in my arms again But I'd be lying I'd be lying I'd be lying

I could look you in the eyes and swear that it's all true That it's only a matter of time till I stop loving you But I'd be lying I'd be lying I'd be lying But I'd be lying I'd be lying I'd be lying
