

Teardrops

George Ducas

Teardrops on my window just like raindrops fallin' down from my
eyes
Teardrops on my pillow they're everywhere i go since you said g
oodbye

Everyday i make my way across this lonely room
I pull back the shades and all i see are blue skies
Without you here it's stormy weather and even the sun can make
me cry
Teardrops on my window...
Every night i try to fight back your mem'ry try as i might ever
ytime i lose
When i lay down well that's when heartaches come around i reali
ze it's just no use
Teardrops on my window...
They're everywhere i go since you said goodbye
