

# If You Don't Somebody Else Will

George Hamilton IV

If you don't wanna kiss me say so baby  
Somebody else will somebody else will well you know they will  
If you don't wanna kiss me say so baby  
Somebody else will somebody else could kiss me better

Now I ain't a gonna beg you for your love anymore  
Ever since the first time I have done learned the score  
I thought I had to have you once but that's in the past  
And since I found out I'm free from you well I'm free at last

If you don't wanna hold me say so baby  
Somebody else will somebody else will well you know they will  
If you don't wanna hold me say so baby  
Somebody else will somebody else could hold me better

If you don't wanna be mine say so baby  
Somebody else will somebody else will well you know they will  
If you don't wanna be mine say so baby  
Somebody else will somebody else could love me better
