

# All Things Must Pass

George Harrison

Sunrise doesn't't last all morning  
A cloudburst doesn't't last all day  
Seems my love is up and has left you with no warning  
Its not always going to be this grey

All things must pass  
All things must pass away

Sunset doesn't't last all evening  
A mind can blow those clouds away  
After all this, my love is up and must be leaving  
Its not always going to be this grey

All things must pass  
All things must pass away  
All things must pass  
None of lifes strings can last  
So, I must be on my way  
And face another day

Now the darkness only stays the night-time  
In the morning it will fade away  
Daylight is good at arriving at the right time  
Its not always going to be this grey

All things must pass  
All things must pass away  
All things must pass  
All things must pass away
