Apple Scruffs

George Harrison

Now I've watched you sitting there Seen the passers-by all stare Like you have no place to go But there's so much they don't know about apple scruffs

You've been stood around for years Seen my smiles and touched my tears How it's been a long, long time And how you've been on my mind, my apple scruffs

Apple scruffs, apple scruffs How I love you, how I love you

In the fog and in the rain Through the pleasures and the pain On the step outside you stand With your flowers in your hand, my apple scruffs

While the years they come and go Now, your love must surely show me That beyond all time and space Were together face to face, my apple scruffs

Apple scruffs, apple scruffs How I love you, how I love you
