Can't Stop Thinking About You

George Harrison

Cant stop thinking about you
Cant stop thinking about you
Its no good living without you
I can't stop thinking about you

Cant stop thinking about you
Cant stop thinking about you
And it's no good living without you
I can't stop thinking about you

When the night-time comes around
Daylight has left me, i
I can't take it if I don't see you no more
I can't help it, I need your loving so much more

And I can't stop thinking about you
Cant stop thinking about you
And it's no good living without you
I can't stop thinking about
I can't stop thinking about
I can't stop thinking about you, ooh

Cant stop thinking about
Cant stop thinking about
Cant stop thinking about you

When the morning comes around
And the daylight gets to me, i
I can't take it if I don't see you no more
I can't help it, I need your loving so much more

And I can't stop thinking about you, oh yeah
I can't stop thinking about you
And it's no good living without you
I can't stop thinking about
I can't stop thinking about
I can't stop thinking about you

I can't stop thinking about
Cant stop thinking about
Cant stop thinking about you

(repeat and fade:)
I can't stop thinking about
I can't stop thinking about
I can't stop thinking about you
