Save the World

George Harrison

Weve got to save the world Someone else may want to use it So far weve seen This planets rape, how weve abused it Weve got to save the world

The russians have the biggest share With their long fingers everywhere And now they've bombs in outer space With laser beams and atomic waste

Rain forest chopped for paper towels One acre gone in every hour* Our birds and wildlife all destroyed To keep some millionaires employed

Weve got to save the whale Greenpeace they've tried to diffuse it But dog food salesmen Persist on kindly to harpoon it Weve got to save the world

The armament consortium
They're selling us plutonium
Now you can make your own h-bomb
Right in the kitchen with your mom

The nuclear power that costs you more Than anything youve known before The half-wits answer to a need For cancer, death, destruction, greed

Weve got to save the world Someones children they may need it So far weve seen The big business of extinction bleed it Weve got to save the world

Were at the mercy of so few
With evil hearts determined to
Reduce this planet into hell
Then find a buyer and make quick sale

To end upon a happy note Like trying to make concrete float Is very simple knowing that God in your heart lives

Weve got to save the world Someone else may want to use it Its time you knew How close weve come Were gonna lose it - we gotta save, we gotta save We gotta save the world
