## **Something**

## **George Harrison**

Something in the way she moves Attracts me like no other lover Something in the way she woos me

I don't want to leave her now You know I believe and how

Somewhere in the way she smiles That I don't need no other lover Something in her style that shows me

I don't want to leave her now You know I believe and how

Youre asking me will my love grow I don't know, I don't know
You stick around and it may show I don't know, I don't know

Something in the way she knows All I have to do is think of her Something in the things she shows me

I don't want to leave her now You know I believe and how

(thank you very much)
