

# All I Want to Do in Life

George Jones

You've been right and I've been wrong  
I've been weak and you've been strong  
You've been good and I've been bad  
And I think I've had enough of that

All I want to do in life  
Is to love somebody with all of my might  
All I want to do in life  
Is to love somebody with all of my might

I love the days and you love the night  
Oh I love to love and you love to fight  
And when I talk to you you're far away  
Aw it just gets harder everyday

All I want to do in life  
Is to love somebody with all of my might  
All I want to do in life  
Is to love somebody with all of my might

I wish you were a friend of mine  
And I wish you were with me all the time  
You say I've dreamed my life away  
Well honey if I do that'll be okay

All I want to do in life  
Is to love somebody with all of my might  
All I want to do in life  
Is to love somebody with all of my might

All I want to do in life  
Is to love somebody with all of my might  
All I want to do in life  
Is to love somebody with all of my might
