

## All The Praises

George Jones

It's so good to hear the word congratulations  
It's so good to know at last, respect is mine  
But as I stand here in the midst of all the conflict  
There's a lovely face that's smiling, on my mind.

All the praises should be given to my woman  
She's the one who helped me up when I was down, all the way  
All the praises should be given to my woman  
She's the one who made me what I am today.

All the praises should be given to my woman  
She's the one who helped me up when I was down. all the way  
All the praises should be given to my woman  
She's the one who made me what I am today.

She's the one who made me what I am today...
