

Darlin'

George Jones

Darlin', dearest darlin'
Put you arms around me, Baby please
Darlin', dearest darlin'
Kiss me one more time before you leave.

If you must go be on your way
Before I start in beggin' you to stay with me
I'm getting weak from being strong
And the first thing you know I'll be down on my knee.

Darlin', dearest darlin'
Always in my heart and in my thoughts
Darlin' dearest darlin'
Having loved you once I'll never stop...
