

## Don't Think I Don't Love You

George Jones

Your old cheatin' heart has finally caught you  
A thousand times I told you that it would  
A great big wall has come between us  
And I wouldn't even love you if I could.

So don't think it ain't been fun, 'cause it ain't  
Don't think I still can't care, 'cause I can't  
Don't think my mind won't change, 'cause it won't  
Don't think I don't love you, 'cause I don't.

Well, all my tossing and turning nights are over  
I don't even feel a touch of blues  
Once more I can see the sun a shinin'  
Shinin' though I know I'm over you.

So don't think it ain't been fun, 'cause it ain't  
Don't think I still can't care, 'cause I can't  
Don't think my mind won't change, 'cause it won't  
Don't think I don't love you, 'cause I don't.

Don't think I don't love you, 'cause I don't...
