

Famous Last Words

George Jones

She said trust me and I did, love me I did
She said hold me as tight as you can
She said I live just for you, won't you live for me too
She said I could never love another man.

Oh, those famous last words
Oh, how they hurt me
They go down in my memory
As the saddest I've heard
Oh, those heart breakin' words
She whispered so sweetly
Like I love you, believe me
Famous last words.

When I come back she asks, it won't be like the past
She said forgive me for I still love you so
But I still hear in my mind it's forever this time
As I stand now watching her go.

Oh, those famous last words
Oh, how they hurt me
They go down in my memory
As the saddest I've heard
Oh, those heart breakin' words
She whispered so sweetly
Like I love you, believe me
