

Fortune I've Gone Through

George Jones

I've had a lot of pleasure on the worthless foolish pleasures
I sincerly lost a fortune when I lost you
I would've changed all of my decisions if I had yesterday permission
No one knows the fortune I've gone through.

I never knew that I could waste it
Till it was much to late to change it
Like a fool I didn't know my world was you
There's no way to count or measure
For like the cost of love on paper
No one knows the fortune I've gone through.

I never knew that I could waste it
Till it was much to late to change it
Like a fool I didn't know my world was you
There's no way to count or measure
For like the cost of love on paper
No one knows the fortune I've gone through.

No one knows the fortune I've gone through...
