

# He's So Good to Me

George Jones

He is so good to me  
He is so good to me  
When I am down he comforts me  
He is so good to me.

When life darkness starts closing in  
I meet in secret with my special friend  
He talks to me and calmness begins  
He is so good to me.

He is so good to me  
He is so good to me.  
When I am down he comforts me  
He is so good to me

(Instrumental)

Each days burdens may touch my soul  
But I meet with him and He makes me whole  
My troubles gone and rest on the sea  
He is so good to me.

He is so good to me  
He is so good to me.  
When I am down he comforts me  
He is so good to me.

He is so good to me  
He is so good to me.  
When I am down he comforts me  
He is so good to me.

He is so good to me  
He is so good to me.  
When I am down he comforts me  
He is so good to me...
