

# I Saw Me

George Jones

For the first time tonight I saw me  
And I said to myself what a fool  
He placed a crown on your head  
Believed the lies, each one you said  
For the first time tonight I saw me.

Yes, I looked into my eyes  
And saw the reason why she cried  
Saw a picture of a fool  
Who should still be by her side.

For the first time tonight I saw me  
And I'm ashamed for now I can see  
Love she gave all in vain  
I was one, her everything  
For the first time tonight I saw me.

Yes, I looked into my eyes  
And saw the reason why she cried  
Saw a picture of a fool  
Who should still be by her side.

For the first time tonight I saw me  
And I'm ashamed for now I can see  
Love she gave all in vain  
I was one, her everything  
For the first time tonight I saw me.

Yes, for the first time tonight I saw me...
