

# I Won't Love You Anymore

George Jones

Do you think I'll keep on waitin' for your love while you keep  
date  
Other fellows in this town that think you're free  
I can't give something dear for nothing surely this time I'm no  
t bluffing  
I won't love you any more than you love me.

You like wordly ways and riches pretty clothes and fancy stitch  
es  
And you think you're living best with all of these  
But I know one thing for certain my old heart can't stand this  
hurtin'  
It's not right to love you more than you love me.

I can't run around with everyone to play with you  
So why must I be the one who's always so confused  
This love affair is far from even and I believe in even steven  
I won't love you any more than you love me  
It's not right to love you more than you love me...
