

# Let's Make History

George Jones

Well, Eve deceived old Adam  
Delilah lied to Samson  
And Jezabele she played it well  
So Ahab paid the ransom  
You're standing there a-smilin'  
Yeah, as lovely as can be  
So, come over here and help me baby  
Let's make history.

No, don't hand me that one red apple  
'Cause I'm a-gonna shake the tree  
And you don't have to cut my hair  
To let me know I'm weak  
So get your arms around me  
I'm as happy as I can be  
Come over here and help me baby  
Let's make history.

Well, a hundred years from now  
They'll tell of how you done me  
But it won't matter then  
I won't need their sympathy  
You're love is gonna be worth it  
With all of my misery  
So come over here and help me baby  
Let's make history.

No, don't hand me that one red apple  
'Cause I'm a-gonna shake the tree  
And you don't have to cut my hair  
To let me know I'm weak  
So get your arms around me  
I'm as happy as I can be  
Come over here and help me baby  
Let's make history.

Come over here and help me baby  
Let's make history...
