

# Lonesome Old Town

George Jones

Well, here I stand on this high ground  
Looking out over this great big town  
Searching for love that didn't treat me right  
It's a lonesome old town tonight.

I'm passin' through I'm not here to stay  
A friend he told me that she came this way  
He said that he saw her by the neon lights  
It's a lonesome old town tonight.

I see people walkin' and drivin' their cars  
They're too far away for me to see who they are  
I'm gonna go down so they will be in sight  
It's a lonesome old town tonight.

Well, here I stand on this high ground  
Looking for my baby but she can't be found  
The stars are out and the moon is bright  
It's a lonesome old town tonight.

I'm passin' through I'm not here to stay  
A friend he told me that she came this way  
He said that he saw her by the neon lights  
It's a lonesome old town tonight.

Well, here I stand on this high ground  
Looking for my baby but she can't be found  
The stars are out and the moon is bright  
It's a lonesome old town tonight.

It's a lonesome old town tonight...
