

## Looking for my feel good

George Jones

Well, my heart ain't had nothin' since you left but the feel ba  
d  
When you left I lost my feel good like you knew I would  
Well, when you left me sittin' here a-  
cryin' like you knew you could  
And had me a-runnin' all over lookin' for my feel good.

Each night I paint the town until it closes  
'Cause there's no love that waits for me at home.  
I lie with all my friends to keep from cryin'  
But they all know my feel good is gone.

Well, my heart ain't had nothin' since you left but the feel ba  
d  
When you left I lost my feel good like you knew I would  
Well, when you left me sittin' here a-  
cryin' like you knew you could  
And had me a-runnin' all over lookin' for my feel good.

When a hearts been used to maming one another  
It's hard to learn to love each day alone  
Well, it looks like I ain't gonna find my feel good  
Till you change your mind and bring it back home.

Well, my heart ain't had nothin' since you left but the feel ba  
d  
When you left I lost my feel good like you knew I would  
Well, when you left me sittin' here a-  
cryin' like you knew you could  
And had me a-runnin' all over lookin' for my feel good.

And had me a-runnin' all over lookin' for my feel good...
