

Mary Don't Go 'Round

George Jones

Well, forget about the table in the corner
She won't be there tonight
'Cause me and my darlin'
We haven't made things right
We've had our share of trouble
But now we know the score
And Mary, she don't go around no more.

I know she's the life of the party
Everybody loves her so
But I said darlin', if you love me
Please, don't go, you don't go
So tonight don't be a-watchin'
For her to walk through those doors
'Cause Mary, she don't go around no more.

Well, I talked to Mary
And I changed her mind
And before she'd cheat so proudly
That kind of life's behind
So tonight tend to your business
And let me handle my chores
'Cause Mary, she don't go around no more.

So tonight tend to your business
And let me handle my chores
'Cause Mary, she don't go around no more.

No, Mary, she don't go around no more...
