

# Never Having You

George Jones

Oh, I know I'll go through life  
Never have you  
I guess I'll go out of this world  
Never have you.

'Cause there's no way for me to love you  
At this late day it wouldn't be the same  
There's no way for me to win you  
I'm so far behind and it's so late in the game.

Oh, I know I'll go through life  
Never have you  
I guess I'll go out of this world  
Never have you.

I must believe in reincarnation  
I just got to have another chance with you  
And you're wrapped up in your situation  
You are music and I'm so far out of tune.

Oh I know I'll go through life  
Never have you  
I guess I'll go out of this world  
Never have you.

Do do do

Well, I know I'll go through life  
Never have you  
I guess I'll go out of this world  
Never have you.

Well, I get mad when I think about it  
'Cause I know I'm a free thinkin' fool  
And with this hunger is eatin' my heart out  
I'm a lunatic and you are so super cool.

Well, I know I'll go through life  
Never have you  
I guess I'll go out of this world  
Never have you.

Oh I know I'll go through life  
Never have you  
I guess I'll go out of this world  
Never have you...
