

Nothing Can Stop Me

George Jones

I gotta get up I gotta get goin' rain or shine sleetin' or snow
in'

Nothing can stop me stop me stop my loving you
Wander through woods climb a high mountain
Love's in my heart like waters in a fountain
Nothing can stop me stop me stop my loving you

Cross the fire walk through river you'll be the taker and I'll
be the giver

I'll give you lovin' lovin' honey that's what I'll do
Climb a big wall I'd tear into pieces I gotta get to your love
and kisses
Nothing can stop me stop me stop my loving you

I can't stop praisin' the day I found you
I'd walk a hundred miles just to be around you
Nothing can stop me stop me stop my loving you
Nothing at all nothing in the world can
Make me stop fallin' for you my girl friend
Nothing can stop me stop me stop my loving you

Cross the fire walk through river
Cross the fire walk through river
