

The World's Worst Loser

George Jones

I've been called the world's worst loser
And I don't tell a moment that it's true
But I can't stop pretending I won't miss you
I'm the world's worst loser when I'm losing you
I may even cry when it's over or make fun of your somebody new
I'll hold on as long as I can because
I'm the world's worst loser when I'm losing you
I may even cry when it's over...
Yes I'm the world's worst loser when I'm losing you
