

We Can Make It

George Jones

We can make it.
The world is rough but we can take it
'Cause you're my shelter from the storm now
I don't need wine to keep me warm now.

No temptation
Can ever shake our loves foundation
We're strong enough to take it
We can make it.

Now we'll say
Goodbye to stormy weather
Safe within each others arms
We can spend our lives together.

Love has found us
And now it's chain is wrapped all around us
And no one can break it
We can make it.

Love has found us
And now it's chain is wrapped all around us
And no one can break it
We can make it.

We can make it...
