We can make it.
The world is rough but we can take it
'Cause you're my shelter from the storm now
I don't need wine to keep me warm now.

No temptation Can ever shake our loves foundation We're strong enough to take it We can make it.

Now we'll say Goodbye to stormy weather Safe within each others arms We can spend our lives together.

Love has found us
And now it's chain is wrapped all around us
And no one can break it
We can make it.

Love has found us
And now it's chain is wrapped all around us
And no one can break it
We can make it.

We can make it...
