

# You Gotta Be My Baby

George Jones

Oh, you said you wes my baby  
Now I know that you're my baby  
But it seems to me you got rovin' eye  
If you wanna be my baby  
Then you gotta be my baby  
You can't keep your finger in two different fire.

I remember how you pleaded  
When you told me that you needed  
My lovin' I believe it without a doubt  
So if you wanna be my baby  
Then you gotta be my baby  
And you gotta leave 'em kissin' cousins out.

Oh, when you're high steppin' I'm a crawlin' low  
I get suspicious and I'm a gonna tell you so  
If you wanna be my baby  
Then you gotta be my baby  
And be nobody's baby but mine.

Now I heard there was another  
So I went and asked your mother  
If anybody hung around 'sides me  
She gave me no satisfaction  
So now I can't take no action  
But I think that I'll just hang around and see.

If you wanna be my baby  
Then you gotta be my baby  
And you gotta come to me and tell me so  
If you're gonna be my baby  
Then you gotta be my baby  
I'm tired of waitin' round so let me know.

Oh, when you're high steppin' I'm a crawlin' low  
I get suspicious and I'm a gonna tell you so  
If you wanna be my baby  
Then you gotta be my baby  
And be nobody's baby but mine.

You've gotta be nobody's baby but mine...
