

# Your Heart Turned Left (And I Was on the Right)

George Jones

Your heart turned left and I was on the right  
You couldn't have hurt me more with dynamite  
Thought I was your destiny, but just before you got to me  
Your heart turned left and I was on the right.

I almost had the battle won, what could I have said and done  
That put you in another's arms tonight?  
I don't know where I lost out, I just know without a doubt,  
Your heart turned left and I was on the right.

Your heart turned left and I was on the right  
You couldn't have hurt me more with dynamite  
Thought I was your destiny, but just before you got to me  
Your heart turned left and I was on the right.

Now my poor heart just moans and groans,  
I walked around just kicking stones  
Oh, cupid sure won't get another bite  
Honey, why'd you lead me on  
Without a warning you were gone.  
Your heart turned left and I was on the right.

Your heart turned left and I was on the right  
You couldn't have hurt me more with dynamite  
Thought I was your destiny, but just before you got to me  
Your heart turned left and I was on the right.

Yeah, your heart turned left and I was on the right.

Your heart turned left and I was on the right.  
Your heart turned left and I was on the right
