

## White Azaleas

George Morgan

When the white azaleas start blooming  
I'll come back to you  
When spring's in the air with its freshness so rare  
We'll make our dreams come true

When the white azaleas start blooming  
Up in those mountains so high  
We'll build a nest where we'll find happiness  
Sweetheart for only you and I

(When the white azaleas start blooming  
I'll come back to you)  
When spring's in the air with its freshness so rare  
We'll make our dreams come true

When the white azaleas start blooming...  
(When the white azaleas start blooming)
