Don't Make Me Come Over There and Love You

George Strait

Don't make me come over there and love you I'd be beside you in a single bound Don't make me come over there and love you 'Cause I will right now

I don't need any explanation
For why I crave all your honey talk
Don't make me come over there and love you
'Cause it's a short walk

You better tone down your persuasion Start behaving before I go and fall apart

My heart's been on a long vacation
But now it's beating like a cha, cha, cha
Don't make me come over there and love you
'Cause I will right now

You better tone down your persuasion Start behaving before I go and fall apart

Don't make me come over there and love you Because it's looking like the perfect spot Don't make me come over there and love you And give all I got

Don't make me come over there and love you 'Cause I will right now
Yes, I will right now
Don't make me come over there and love you
