

Down Louisiana Way

George Strait

I'm goin' down Louisiana way
I'm going back as of this very day
Don't worry about me cause I'll be okay
I'm goin' down Louisiana way

I will miss all my old Chicago friends
And think about you San Francisco now and then
I will remember my compadres in L.A.
Look me up down Louisiana way

I'm goin' down Louisiana way
I'm going back as of this very day
Don't worry about me cause I'll be okay
I'm goin' down Louisiana way

Don't let your eyes get misty now
We knew the time would come around for me to go
I will miss you

So long friend, guess I'll see you while ago
I might be back sometime, you just never know
I have left a sweetheart north of Whiskey Bay
True love waits down Louisiana way
