

I Don't Want to Talk It Over Anymore

George Strait

I don't want to talk it over anymore
We said it all last night
And time and time, again before
You don't know what you put me through
When you walk out the door
Now, I don't want to talk it over anymore

We'll last about a month again this time
I tried to do you right
But you kept steppin' over the line
Now you're gone; it's ashame but it's the best
Don't be concerned
Cause I don't want to talk it over anymore

Each time we try to say "I love you" once again
And every time we end up right back where we've been

I don't want to talk it over anymore
We said it all last night
And time and time again before
You don't know what you put me through
When you walk out the door
Now, I don't want to talk it over anymore

Each time we try to say "I love you" once again
And every time we end up right back where we've been

I don't want to talk it over anymore
We said it all last night
And time and time before
You don't know what you put me through
When you walk out the door
Now, I don't want to talk it over anymore
