

## Lead On

George Strait

She said I don't recall seeing you around here  
You must be new to this town  
Said I'm just passing through  
But girl from the looks of you  
I could see me settling down.

Then she smiled and said the invitation's open  
'Cause you look just like what I've been waiting on  
So I said why don't we take this matter somewhere else  
And get to know this feeling that's so strong, lead on.

She said I had a love once, but he just up and left me  
I said I bet it broke your heart.  
I had a love once too, but I acted like a fool  
Oh what I'd give to be back in her arms.

Then she smiled and said the invitation's open  
'Cause you look just like what I've been waiting on  
So I said why don't we take this matter somewhere else  
And pick up right where everything went wrong, lead on.

She said I don't recall seeing you around here  
You must be new to this town.
