

# Shame On Me

George Strait

You played me for a fool  
And I played the part so well  
You played it smart, you played it cool  
Broke every promise, every rule  
And I couldn't even tell

You looked me in the eyes  
And said, I was the only one  
It was no surprise  
That I kept falling for your lies  
And they had only just begun

Fool me once, shame on you  
You told me that you would be true  
You were so easy to believe  
Fool me twice, shame on me

I thought I'd won your heart  
But you were still in love with him  
You said we'd never be apart  
It was a lie right from the start  
You left me hanging on this limb

I never thought that you could be  
The kind to hurt me just for fun  
But it's sure no fun for me  
I think it's time to set you free  
Pick myself up and say we're done

Fool me once, shame on you  
You told me that you would be true  
You were so easy to believe  
Fool me twice, shame on me

You were so easy to believe  
Fool me twice, shame of me
