

My Weakness

George Thorogood

Well my money and women drive a man insane
They give me supply but all down the drain
I wanna live for something worthwhile
I need something to make me smile
And that's you
Baby it's true
Well now your my weakness
There's nothing I can do

Well I play cards honey, I shoot dice
I drink gin without any ice
But I don't need that stuff at all
There's only one thing that makes me fall
And it's you
Baby it's true
Well your my weakness
There's nothing I can do

Well your my weakness
Honey I admit
I got a feeling for you that won't quit
I'm trying hard not to make a mistake
But this is something I can't forsake
Ohh I got a right to know just how you feel
Am I a fool baby or are you real
In my mind there is no doubt
There's only one thing I can't do without

And it's you
Oh baby it's true
Well your my weakness
Nothing I can do

Oh Babe

Oh your my weakness
Honey I admit
I got a feeling for you that won't quit
Trying hard not to make a mistake
But this is something I can't forsake, Yeah!

Ohh I got a right to know just how you feel
Am I a fool honey or are you real
In my mind there is no doubt
There's only one thing I can't do without

And it's you
Oh baby it's true
Well your my weakness
Nothing I can do

Yes but your my weakness
There's nothing I can do

But

Woooo
