

Silent Lips

Georgia Gibbs

Silent lips speak to me
Don't keep me waiting
Silent lips say those words I long to hear

Say you want me, you need me, you love me
Time can fly, don't be shy
Just hold me near

Silent lips, the suspense will drive me crazy
Silent lips, why treat my poor heart like this
If you're too shy to tell me you love
Let me know by the silence of your kiss

[BRIDGE]

(Silent lips)
(Silent lips)
(Silent lips)
