

# In The Meantime

Georgie Fame

Some day baby, gonna hit on you  
And together we will live life through  
But in the meantime I'm such a lean time  
You have a hard time  
Because I wanna live it up this way  
That's why I gotta change my style you say  
Give up my gals and wine

So you can see, I'm gonna need some loving in the meantime  
I'm gonna need some catching in the meantime  
I'm gonna be a meantime man

Oh pretty baby, I've always been like this hell  
No one to chain me  
But if you love me like I think you do  
You're gonna understand I'm gonna change for you  
Give up my gals and wine

So you can see, I'm gonna need some loving in the meantime  
I'm gonna need some catching in the meantime  
I'm gonna be a meantime man

So now I know  
Yeah, you're gonna save my soul  
Just change my style  
But you better know me, why

I really love you  
Although I never show it  
Don't tell me we're through

I tell you sacrifice in love is grand  
It won't be long before we're hand in hand  
And I give up my gals and wine

So you can see, I'm gonna need some loving in the meantime  
I'm gonna need some catching in the meantime  
I'm gonna be a meantime man

I really love you  
Although I never show it  
Don't tell me we're through

I tell you sacrifice in love is grand  
It won't be long before we're hand in hand  
And I give up my gals and wine

So you can see, I'm gonna need some loving in the meantime  
I'm gonna need some catching in the meantime  
I'm gonna be a meantime man

I'll see you in the meantime  
You have a hard time
