

# Catchin' Feelings

Gerald Levert

I'm catchin' feelings, I'm catchin' feelings  
I don't think I can deal with hollering at you and you not holler back  
Leaving messages on your phone and you don't hit me back

Catchin' feelings, I'm catchin' feelings  
I don't think I can deal with knowing you're laying up with somebody else  
I don't want you for my friend if I can't have you for myself

A friend of a friend introduced us, had some drinks and some laughs  
Told me about your man, I told you 'bout my girlfriend  
You said he made you happy sometimes  
But he spends way too much time at work

And his family worked yo' nerves, baby  
Momma was a jerk and his kissing was the worse  
But you still loved him, so we agreed to meet next week  
For conversation and some drinks

But baby girl, I think I'm catchin' feelings, I'm catchin' feelings  
I don't think I can deal with hollering at you and you not holler back  
Leaving messages on your phone and you don't hit me back

Catchin' feelings, I'm catchin' feelings  
I don't think I can deal with knowing you're laying up with somebody else  
I don't want you for my friend if I can't have you for myself

You brought your man the next week, that didn't sit well wit me  
But our other friends made it easier for me to be in your company  
You said, "Hey, that's my jam", but your man didn't want to dance  
So I took you by the hand and led you to the dance floor

The closer we got, I started feeling hot  
Ooh, I know you feel me, girl, how embarrassing  
But you didn't push away, you pulled me closer to your face  
Whispered this is wrong, we stopped before the end of the song

I'm catchin' feelings, I'm catchin' feelings  
I don't think I can deal with hollering at you and you not holler back  
Leaving messages on your phone and you don't hit me back

Catchin' feelings, I'm catchin' feelings  
I don't think I can deal with knowing you're laying up with somebody else  
I don't want you for my friend if I can't have you for myself

I met many a woman but never felt this way  
You had me wide open the first time I seen yo' face  
But I can't be around you and know you're not mine  
So if you really love him, tell me am I wasting my time?

I'm catchin' feelings, I'm catchin' feelings  
I don't think I can deal with hollering at you and you not holler back  
Leaving messages on your phone and you don't hit me back

I'm catchin' feelings, I'm catchin' feelings  
I don't think I can deal with knowing you're laying up with somebody else  
I don't want you for my friend if I can't have you for myself

I'm catchin' feelings, I'm catchin' feelings  
I don't think I can deal with knowing you're laying up with somebody else  
I don't want you for my friend if I can't have you for myself
