

# Just a Little Something

Gerald Levert

Say you gotta leave say you gotta go  
Say love and understanding  
Is what I fail to show  
I don't understand why you wanna leave  
I tried my best to please you

And Girl you got to believe me  
I just want you to be happy Baby  
And if not with me I'll understand  
But for now just take my hand  
Let me give you

Just a little something  
To remember me by  
Just a little something  
Before you say bye bye

I never thought that our love would end  
this way  
Now you're packing your bags and you're  
leaving  
I hoped and prayed I'd never see this day  
I want you to leave me with a smile Baby  
So put down put down your bags and stay  
a while  
Let me give you

Give me one last hug is that too much  
One last kiss I know you're gonna miss it Baby  
One last touch Baby you can't get enough Baby  
If you love me then think twice before you  
leave me

I'm down on my knees begging you please  
How am I suppose to live without you  
Without you everything is gone  
Let me give you

I'm down on my knees begging you please  
I'm hurting I'm burning don't leave me Baby  
Let me give you something to remember  
I'm crying for you  
Let me give you something Baby
