Strings, Strings

Gerald Levert

It's all about you now, baby
Silly me, however you want it
Strings, strings, or no strings

Ain't no sunshine since you've been gone
Only rain, pain, and cloudy days spent all alone
If I could turn back time, I swear that it would be
The way it was when I was down for you
And you was down for me

Let no temptations
Get a hold of me
Said as long as you take care of home
Everything will be everything
Apology after apology
Girl I guess you stopped feelin' me
No more, I love you, no jealousy
I'm ready to change
Just don't leave me

Strings, strings or no strings
Baby I'll do anything
To get your love back
There could be strings
Or no strings attached

Strings, strings or no strings
Baby I'll do anything
To get your love back
There could be strings
Or no strings attached

Ooh baby, you once were committed
But I guessed I changed your mind
I'm willing to admit it
Girl I gave you a hard time
I just don't want you to go
Throw away the good things we shared
I'll leave it to you how fast we move
Girl I know you still care

Let no temptations
Get a hold of me
Said as long as you take care of home
Everything will be everything
Apology after apology
Girl I guess you stopped feelin' me
No more, I love you, no jealousy
I'm ready to change
Just don't leave me

Strings, strings or no strings
Baby I'll do anything
To get your love back
There could be strings
Or no strings attached

Strings, strings or no strings
Baby I'll do anything
To get your love back
There could be strings
Or no strings attached

Tell me how do you want me?
How do you need me?
How do you want me babe?
I'm willing to change, change, oh
I can't stand it here all by myself
Looking at the walls, I need ya baby
Oh baby I'm falling apart

I'm the one who blew this good thing
So tell me what you want me to do
I'm the one who blew this good thing
Will there be strings, strings or no strings

I'm the one who blew this good thing
So tell me what you want me to do
I'm the one who blew this good thing
Will there be strings, strings or no strings
