

That's the Way I Feel About You

Gerald Levert

You know life is funny
When you look at it everybody wants love
And everybody's afraid of love
I'm a firm believer that

If you get anything out of love
You got to put up with the tugs and strive, yeah
You almost pushed our love a little bit too far
We forgot to remember how blessed we are

And that girl over there
Telling you what she sees
You don't have to worry
She ain't gonna get next to me

You told me think it over
And I thought it over and over and over
Over and over and over
You see, 'cause

That's the way I feel about you
That's the way I feel about you
That's the way I feel about you
That's the way I feel about you

I know you've been hurt
So have many of us too
That's a sacrifice
Life is gonna put you through

Trust in me like I trust in you
Sometimes I look at you, baby
And wonder if God sent you here

Don't take my love as a sign of a weakness
Check into the situation, it gets a little deeper
You told me to think it over
Did you think it over?
And I thought it over and over
And over and over again

That's the way I feel about you
That's the way I feel about you
That's the way I feel about you
That's the way I feel about you

That's the way I feel about you
That's the way I feel about you

Please, please, please answer to love
If it ever come knocking at your door
'Cause what's out there knocking, baby
The world don't get enough of, no, no

I know you've been hurt
So have many of us too
But that's a sacrifice

That life is gonna put you through

Don't take my love as a sign of a weakness

Check into the situation

It gets a little deeper and deeper

You told me me to think it over, baby

And I thought it over, you think it over, baby

That's the way I feel about you

That's the way I feel about you

That's the way I feel about you

That's the way I feel about you

That's the way I feel about you

That's the way I feel about you

That's the way I feel about you

That's the way I feel about you
