

# Wind Beneath My Wings

Gerald Levert

It must have been cold there in my shadow  
To never have sunlight on your face  
You were content to let me shine  
That's your way  
You always walked a step behind

See, I was the one with all the glory  
While you were the one with all the strength  
Only a face without a name  
I never once heard you complain, no

Did you ever know that you're my hero  
You're everything I would like to be  
I could fly higher than an eagle  
Cause you are the wind beneath my wings

It might have appeared to go unnoticed  
But daddy, daddy, daddy I've got it all  
Right here in my heart, yes I do say  
And I want you to know, I know the truth  
I know you know the truth about it  
I would be nothing, nothing without you, you

Did you ever know that you're my hero  
You're everything I would like to be  
You're a part of me, you're a part of me  
I could fly higher than an eagle  
Cause you are the wind beneath the old man's wings  
You are the wind beneath my wings, my wings

See, daddy I remember you were  
On the stage singing your song  
Singing your song, now  
That's why I used to take you and your brothers on the road  
I used to carry, I used to carry y'all along  
But now I'm proud we can stand up here  
And sing it together now, hey yeah  
It's so good to see your dreams come true  
Right here and right now, right now

It might have appeared to go unnoticed, unnoticed  
(No, it didn't daddy)  
But, son I've got it all right here in my arms  
In my arms, in my heart  
I want you to know that I know the truth  
Yes, I do, yes I do  
I would be nothing daddy  
Nothing, zero, zero without you, without you

Did you ever know that you're my hero  
If you didn't, I'm telling you now daddy, daddy  
You're everything I would like to be  
My son, my son, you're a part of me  
I could fly higher than an eagle  
Cause you are the wind beneath your daddy's wings  
You are the wind beneath your little son's wings, wings
