Gerard Way

If we don't stop leaving  
If we don't stop leaving accidents  
We'll never get that far  
Who you are  
If we all stop needing  
If we all stop needing oxygen  
We'll never get to fall, so far  
These are the days like crazy rain  
Like a flood will try to catch you and just fade away  
There are the days that we wait to say  
You could go away  
Today  
If we all stop bleeding  
If we all stop bleeding over them  
We'll never get too far  
Oh you are  
If we all stop needing  
If we all stop needing love to care about ourselves and who you  
are  
These are the days like crazy rain  
Like a flood will try to catch you and just fade away  
There are the days that we wait to say  
You could go away  
Today  
Say she always puts a gameshow on and  
Now she says she wants to be in movies  
Cuz it feels just like the apartment where you stayed  
And her favorite show means nothing to me  
Cuz I think I'm sick of it now  
These are the days like crazy rain  
Like a flood will try to catch you and just fade away  
These are the days that we wait to say  
You could go away
